

MANAGE CRISES WITH THE INCIDENT MANAGER MODULE

> PLATFORM

The Crises Control application is always on, even when your systems are down. Manage incidents, assign tasks, and communicate with stakeholders from your phone.

> CRISIS INCIDENT MANAGEMENT CONTROL CENTRE

Stay in control of your crisis incident management response with the Control Centre. The real time dashboard shows people in need of help, progress through tasks and more.

> TASK MANAGER

Create and follow the progress of tasks as you respond and resolve an incident. Assign task owners, set completion times, and escalate tasks as required.
